YEAR	ABSOLUTE RATING	GROWTH RATING	PALMETTO GOLD AND SILVER AWARD		AYP STATUS	NCLB IMPROVEMENT STATUS
			General Performance	Closing the Gap		
2011	Excellent	Good	TBD	TBD	Met	N/A
2010	Excellent	Excellent	Gold	N/A	Met	N/A
2009	Excellent	Good	Gold	N/A	Met	N/A

ABSOLUTE RATINGS OF CAREER CENTERS IN SC*

EXCELLENT	GOOD	AVERAGE	BELOW AVERAGE	AT-RISK
17	14	3	4	1

* Ratings are calculated with data available by 11/18/2011. All Career Centers in South Carolina are included.

TECHNICAL SKILL ATTAINMENT

The percentage of students enrolled in career and technology courses at a center who earn a 2.0 or above on the final course grade.

Our Center		State Center Average (%)
n	%	%
82	91.5%	87.6%

GRADUATION RATE

The number of 12th grade career technology education students who graduate in the spring is divided by the number of 12th graders enrolled in the center and converted to a percentage.

Our Center		State Center Average (%)
n	%	%
37	100.0%	94.7%

PLACEMENT RATE

The number of career and technology completers who are available for placement in postsecondary instruction, military services, or employment is divided into the number of students over a three-year period who are actually placed and converted to a percentage. This criterion mirrors the Perkins standard.

Our Center		State Center Average (%)
n	%	%
86	98.8%	96.3%

NAEP PERFORMANCE*

* Performance reported for SC and nation, data not available at school level. Percentages at NAEP Achievement Levels.

READING – GRADE 8 (2011)

MATH – GRADE 8 (2011)

SCIENCE – GRADE 8 (2009)

SC PERFORMANCE VISION

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

Printed versions are available from school districts upon request.

REPORT OF DIRECTOR AND SCHOOL IMPROVEMENT COUNCIL

For the ninth consecutive year, the Abbeville County Career Center received the Palmetto Gold Award from the South Carolina Department of Education. The Career Center also received an Absolute Rating of Excellent and an Improvement Rating of Excellent on the Annual School Report Card. The school continues to perform well in the areas of Vocational Skill Proficiencies, Academic Achievement, Graduation Rate and Placement Rate. We must continue to be diligent in areas of recruitment and retention. As we move forward, our task is to continue to recruit quality students and to increase the expectations of those students. By introducing a more rigorous curriculum in the areas of math and science, maintaining dual credit and articulation agreements with the local technical college, and providing more internship opportunities for students in their chosen fields, we are placing our students more firmly on the path to success.

Our Project Lead the Way Program for Engineering is an established program. The Career Center was recently named a Project Lead the Way Certified School. This project-based curriculum is heavy in math and science and is dual credit. Dual credit means the students completing the course with an 85 or better will receive high school and college credit. By adding dual credit to an already rigorous curriculum, we have raised the level of achievement in our programs. Students directly benefit from the enhanced curriculum. As a result, students will be much better prepared for the post-secondary experience. Students also benefit by accumulating nearly one year's worth of college credit resulting in a savings of time and money. PLTW serves as an outstanding example of the opportunities provided by dual credit enrollment.

Increased expectations combined with an influx of quality students has increased demands on all of our programs. The Automotive Technology program recently achieved certification by the National Automotive Technicians Education Foundation. The other programs at the school maintain the same high standards, therefore, equipment will be expected to be the latest and best available. Technology will have to be cutting edge. Coursework will have to be challenging. Instructors, in an effort to establish work-based competencies, will focus more on soft skills. These are workplace skills commonly learned through character education and sought by employersirector's report continued:

We encourage partner participation at the Career Center. We invite you to attend our Community Night in September and enjoy a genuine family-oriented event that gets bigger every year in size and scope. Parents are also encouraged to participate in other school activities and to serve on the School Improvement Council. We also appreciate the involvement of our partners in the business community. Many local businesses and industries are represented on our advisory councils. We welcome you to join us for a tour of the Career Center.
